

## HTG-680 Floor Grinder

- **Space-Saving Design for Maximum Flexibility.** With its 680mm width, the 680 easily fits through standard doors, allowing effortless mobility, ideal for projects of all sizes.
- **Self-Propelled for Consistent Grinding Quality.** The 680 is self-propelled, reducing operator fatigue and helping maintain a steady pace. This ensures consistent pressure and a more uniform grind across the entire floor.
- **Versatile Applications.** Perfect for medium to large projects, this grinder adapts to various job site requirements, ensuring maximum efficiency.
- **Reliable Gear-Driven Technology.** The 680 features a robust gear-driven system that delivers long-lasting performance, reduces downtime, and boosts productivity.
- **Adjustable Weights.** The adjustable grinding pressure allows the operator the choice of normal or aggressive grinding.
