

## HTG-820 RC Floor Grinder

- **Flexible & Powerful for Any Application.** The 820 RC ULTRA is the ideal solution for surface preparation and concrete polishing – suitable for both wet and dry operation.
- **Reliable Gear-Driven System.** Thanks to its innovative gear box, issues with high-maintenance belts belong to the past. This advanced technology ensures reliable performance, reduces downtime and boosts efficiency.
- **Efficient Servo Motor for Maximum Control.** Equipped with a high-performance servo motor, the 820 RC ULTRA delivers precise control and consistent power for premium grinding results.
- **Easy Mobility & Transport.** With its integrated transport battery, the 820 RC ULTRA can easily be moved between different working areas, enabling maximum flexibility on the job.
- **Adjustable Weights.** The adjustable grinding pressure allows the operator the choice of normal or aggressive grinding.

CODE	HTG-820
Motor Power	18500W
Working Width	820mm
Planetary Heads	278mm x 4 Heads
Maximum Pressure	293.5kg
Speed	350-1950rpm
Water Tank	25litres
Weight	620kg
