

HTG 820RC Remote Controlled Floor Grinder

- **Flexible & Powerful for Any Application.** The HTG 820 RC is the ideal solution for surface preparation and concrete polishing, suitable for both wet and dry operation.
- **Reliable Gear-Driven System.** Thanks to its innovative gear box, issues with high-maintenance belts belong to the past. This advanced technology ensures reliable performance, reduces downtime and boosts efficiency.
- **Efficient Drive System for Maximum Control.** Equipped with a high-performance drive system, the HTG 820 RC delivers smooth, consistent power and precise control for high-quality grinding results.
- **Easy Mobility & Transport.** With its integrated transport battery, the HTG 820 RC can easily be moved between different working areas, enabling maximum flexibility on the job.
- **Adjustable Weights.** The adjustable grinding pressure allows the operator the choice of normal or aggressive grinding.
- **Integrated Illumination System.** Front & rear LED work lights provide full visibility in low-light conditions, enhancing safety and precision during operation.

CODE	BDGM820RCP
Motor Power	18500W
Working Width	820mm
Planetary Heads	278mm x 4 Heads
Maximum Pressure	293.5kg
Speed	350-1950rpm
Water Tank	25litres
Weight	620kg
Power Cable	4mm, 4 Core, 32amp (Sold Separately Per Meter)
